Thank You for Being a Loyal Sharpchain.com Customer!

Happy New Year!

We have a couple new products for 2017 that we wanted to introduce you to. Below are highlights of those products.

	<h3>Timberline Sharpener</h3> <p>Makes sharpening your chainsaw much easier and more precise. The Timberline Chainsaw Sharpener lets you sharpen your chain on the job. Allowing you to work faster and smarter.</p> <p>The tool comes with everything you need to sharpen your saw.</p> <p>Durable carry case with shoulder strap and belt loop included. One carbide cutter included. Additional carbide cutters are interchangeable and may be purchased separately.</p> <p>When comparing prices, you will notice that we are approximately \$15 more expensive than our competition. Our competition does not include the carbide cutter; you have to buy that separately. Our price includes a carbide cutter of your choice.</p> <p>Check it out here http://sharpchain.com/shop/timberline.htm</p> <p>FREE SHIPPING For our subscribers only, get FREE shipping. Use coupon code TL-FREESHIP when you're checking out. Coupon expires April 7th 2017</p>

	<h2>MAXX CHAINSAW SHARPENER</h2> <p>The Maxx Model 13151 is the newest commercial sharpener to our product offerings of sharpeners.</p> <p>The MAXX grinder is manufactured in Italy.</p> <p>This grinder allows bi-directional grinding as it's designed with a head that tilts both directions and a table that's fully symmetrical. Unlike other grinders, this unique design allows you to get the same results on both left and right hand cutters. The automatic chain clamping mechanism is activated when the head is lowered. Additional features include a built-in light and cast aluminum base.</p> <p>This is a commercial grade sharpener and is designed to support the high volume shops.</p> <h3>Check it out here</h3> <p>http://sharpchain.com/shop/</p> <p>I almost forgot, Free shipping on this model as well. No coupon needed.</p> <p>For our subscribers only, get an additional \$20.00 off. Use coupon code MAXX-20 when you're checking out. Coupon expires February 7th 2017</p>
------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

We often hear that there are too many sharpeners to choose from, which sharpener should I purchase. So we decided to come up with a buying guide on what sharpener will best suit your needs.
